

I SING A SONG

(Fred Lewin)

When I don't know what to say, I sing a song
When I don't know what to pray, I sing a song

We say Hallowed be Thy name
We say Thy kingdom come
These words in our mouth
May be so distant
From our heart, sometimes

When I don't know what to do, I sing a song

Oh, sister love,
Make me true.
'cause that's the way,
To be made whole.

When I don't know what to sing, I'll sing anyhow

Verse2 :

When I don't know what to say, I sing a song
When I don't know what to pray, I sing a song

When words just don't come
When the feelings they have gone
When I'm numb and
Feeling down
Lord, Give me your song.

And when I don't know what to think, Lord give me your peace.

When the words they just don't come, Lord give me your words.

When I don't know what to say, I sing a song

When I don't know what to pray, I sing a song

When I don't know what to sing, I'll sing anyhow
