

PEOPLE GET RID OF YOUR HEAVY LOAD

(Fred Lewin)

**People get rid of your, Rid of your heavy load
Cast away your past And start to live your life
Count your many blessings Don't give up the fight
If you keep on walking You will see the light**

*Forgive all about your past
Don't let it overwhelm you*

*Your help is on the way
It's already waiting on you*

*You deserve better than that
The best is yet to come*

**I found a God who turned my mourning into joy
I found a God who turned my darkness into light**

Give, to the Lord

Strength, and Glory

Honor, and Power

Thanx, And praises!

**heavy load, heavy load
heavy load, Oh-oh**

*Talking bout that heavy load
Of sin*

*Of past
All the things you had*

*Gotta get rid of it
Don 't take for granted*

What people may do or say

He turned it, He turned it !!

He turned it, My nothings into somethings

*He turned it, My fears into strength
He turned it, Sadness into gladness*

*He turned it, Tears into laughs
God can take a little And turn into a lot*
